Profile

Spaniard willing to start developing in Poland. Student of *Computer Science* (***Informatyka***) in Uniwersytet Opolski. Self-learner of **Front-end**, **Back-end** and **Linux**. Using **JavaScript**, ReactJS and NodeJS. Nowadays learning ethical hacking - Pentesting, Docker and Linux. Languages teacher for more than 3 years

Work experience

Semper Avanti Opole - *Volunteering*
09/2019 - 09/2020 📍 *Opole, Poland*
- Designed posters and fliers to promote our events, using Canva
- Created language events for young people in Opole

Szkoła Języków Obcych Master
03/2020 - Nowadays 📍 *Opole, Poland*
- Teaching Spanish language to young people and adults: individual and groups

Projects

React portfolio   github.com/juancarlossa/juancarlossa.github.io.git
- Static website built with **React**, Gatsby and Emotion
- Created components using Styled-components
- Personal portfolio created in order to host the main projects I will be creating.

HTML project   github.com/juancarlossa/portfolio-HTML.git
- Simple project created with **HTML** and **CSS**
- Using CSS technologies: Bootstrap and SaSS.
- The main goal of this portfolio is to add more functionalities and improve the performance of the previous project.

Arch Linux OS
- Installed Arch on a Virtual machine, using **Bash** scripting
- Personally I installed it to learn about Linux and practice Pentesting on HackTheBox.com
